- Industry-Standard Security: Our app is built to meet current industry standards, providing unparalleled security for both your customers and your institution.
- Compliance Ready: Rest easy knowing that our solution is designed to meet all regulatory requirements, reducing your compliance burden.
- Omnichannel Experience: Boost the organic growth of your business by offering your customers
  a seamless experience across multiple touchpoints.
- Enhanced Convenience: Features like one-click payments, real-time transaction alerts, and biometric authentication make banking easier and more convenient for your customers.

## ISSUING

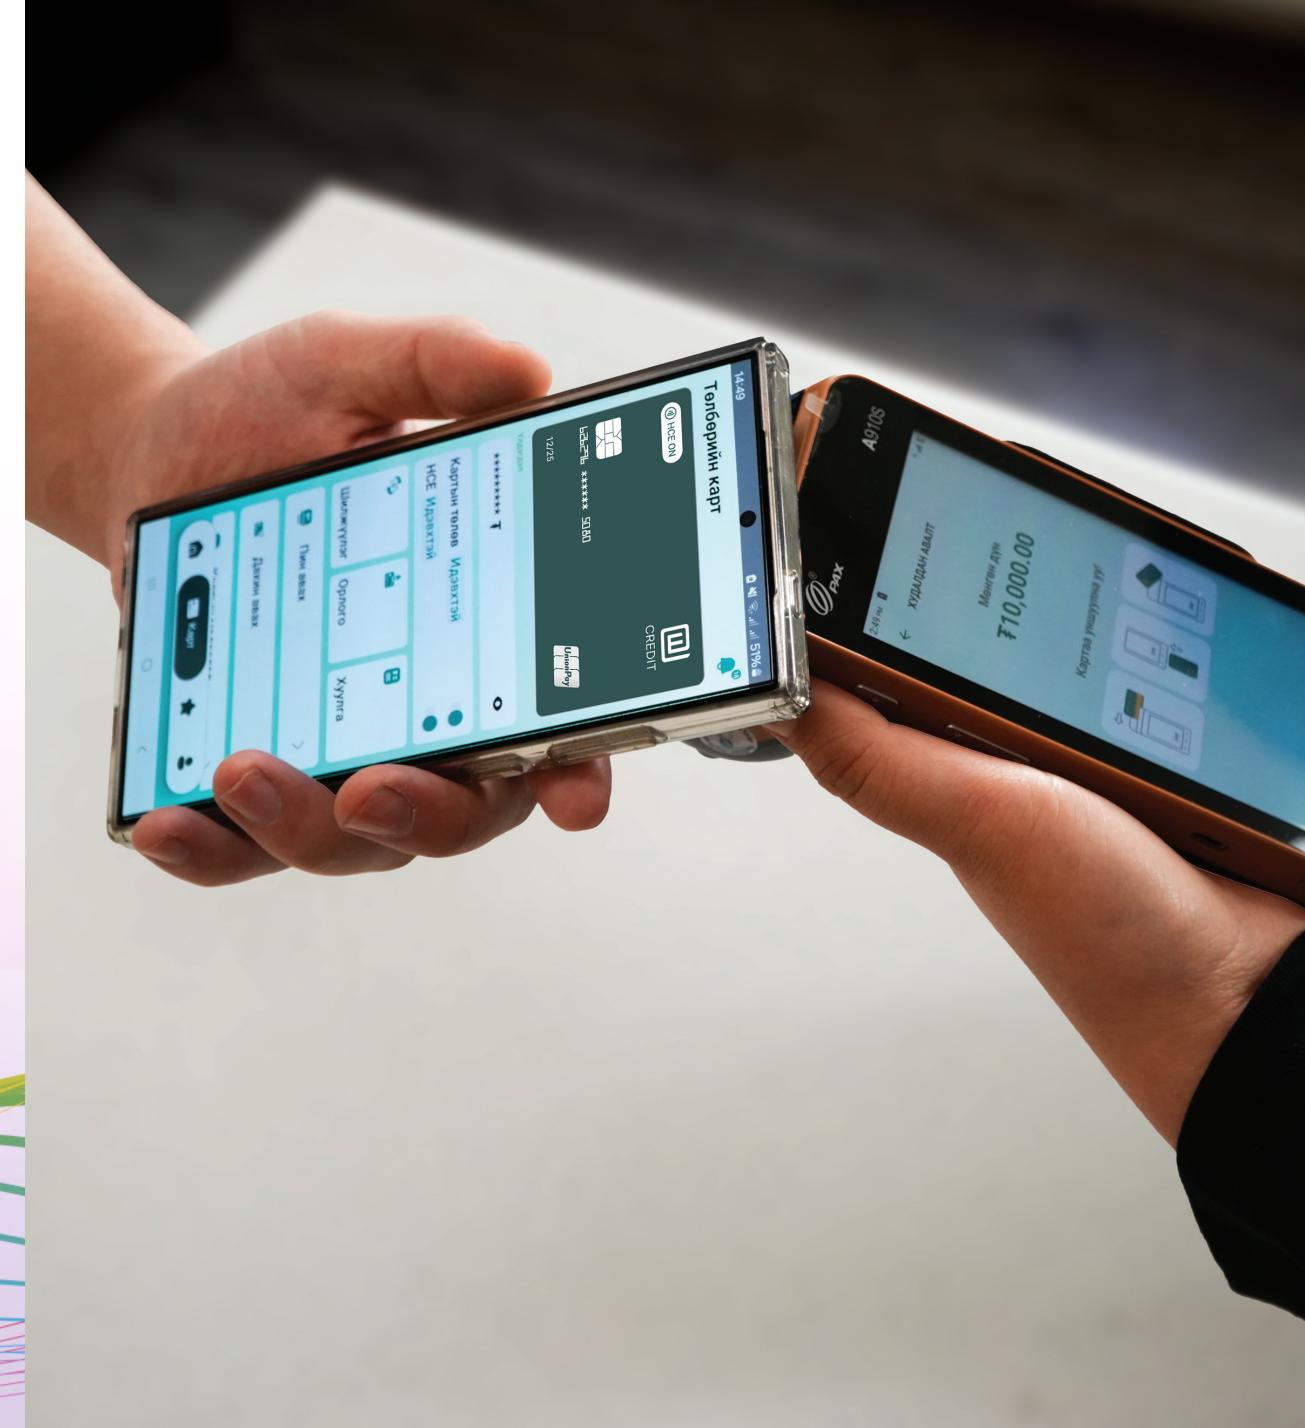

#### **Virtual and Physical Cards**

- **Debit and Credit Cards:** Offer customers the convenience of credit and debit cards as an alternative to traditional banking
- **Prepaid and Gift Cards:** Our platform supports the issuance and management of gift cards, which can be customized for specific retailers or as a universal shopping card
- Virtual Cards: Fastest way to obtain a card. By creating a virtual card in your own Issuer Wallet, the customer can seamlessly get access to all benefits of card payments.

#### Tap to Pay (HCE)

- Fastest contactless payment. Thanks to our all-in-one Tap to Pay Payment solution based on our Tokenization Hub, easily and quickly develop your range of NFC mobile payment services, for a stronger customer relationship and enhanced daily commitment.
- NFC Digital Payments. Digitize all your cards to any Wallet app! With our white label mobile payment solution, banks and issuers can easily and quickly offer a mobile payment service to their customers through their own Issuer Wallet.

**Minu Payment Solutions** is a fintech company operating in Kyrgyzstan under the umbrella of Mongol iD, focusing on digital payments and acquiring services. It aims to modernize the financial ecosystem in Central Asia by offering cutting-edge payment infrastructure, merchant acquiring solutions, and real-time digital transactions.

#### **Key Features & Services:**

- **Acquiring Services:** Minu Payment Solutions provides merchant acquiring for online and offline businesses.
- **POS & SoftPOS Solutions:** We provide wide arsenal of android POS terminals and SoftPOS solutions which are tailored from various industries.
- **Tailored business solutions:** Minu provides merchants with customized financial solutions, including a fully integrated ERP system that enhances business operations, sales tracking, and inventory management.
- Comprehensive Payment Solutions for Banks & Financial Institutions: Minu offers a wide range of digital payment solutions to banks and financial institutions, including payment processing, acquiring services, and digital banking solutions.
- **QR Payment Solutions:** Minu has direct integration with national standard QR (ELQR), facilitating seamless bank account and card based transactions.
- Cross-Border Payment Capabilities: The company has played a key role in enabling mutual acceptance of national payment schemes between Mongolia and Kyrgyzstan.

#### **Strategic Banking & Payment System Integration**

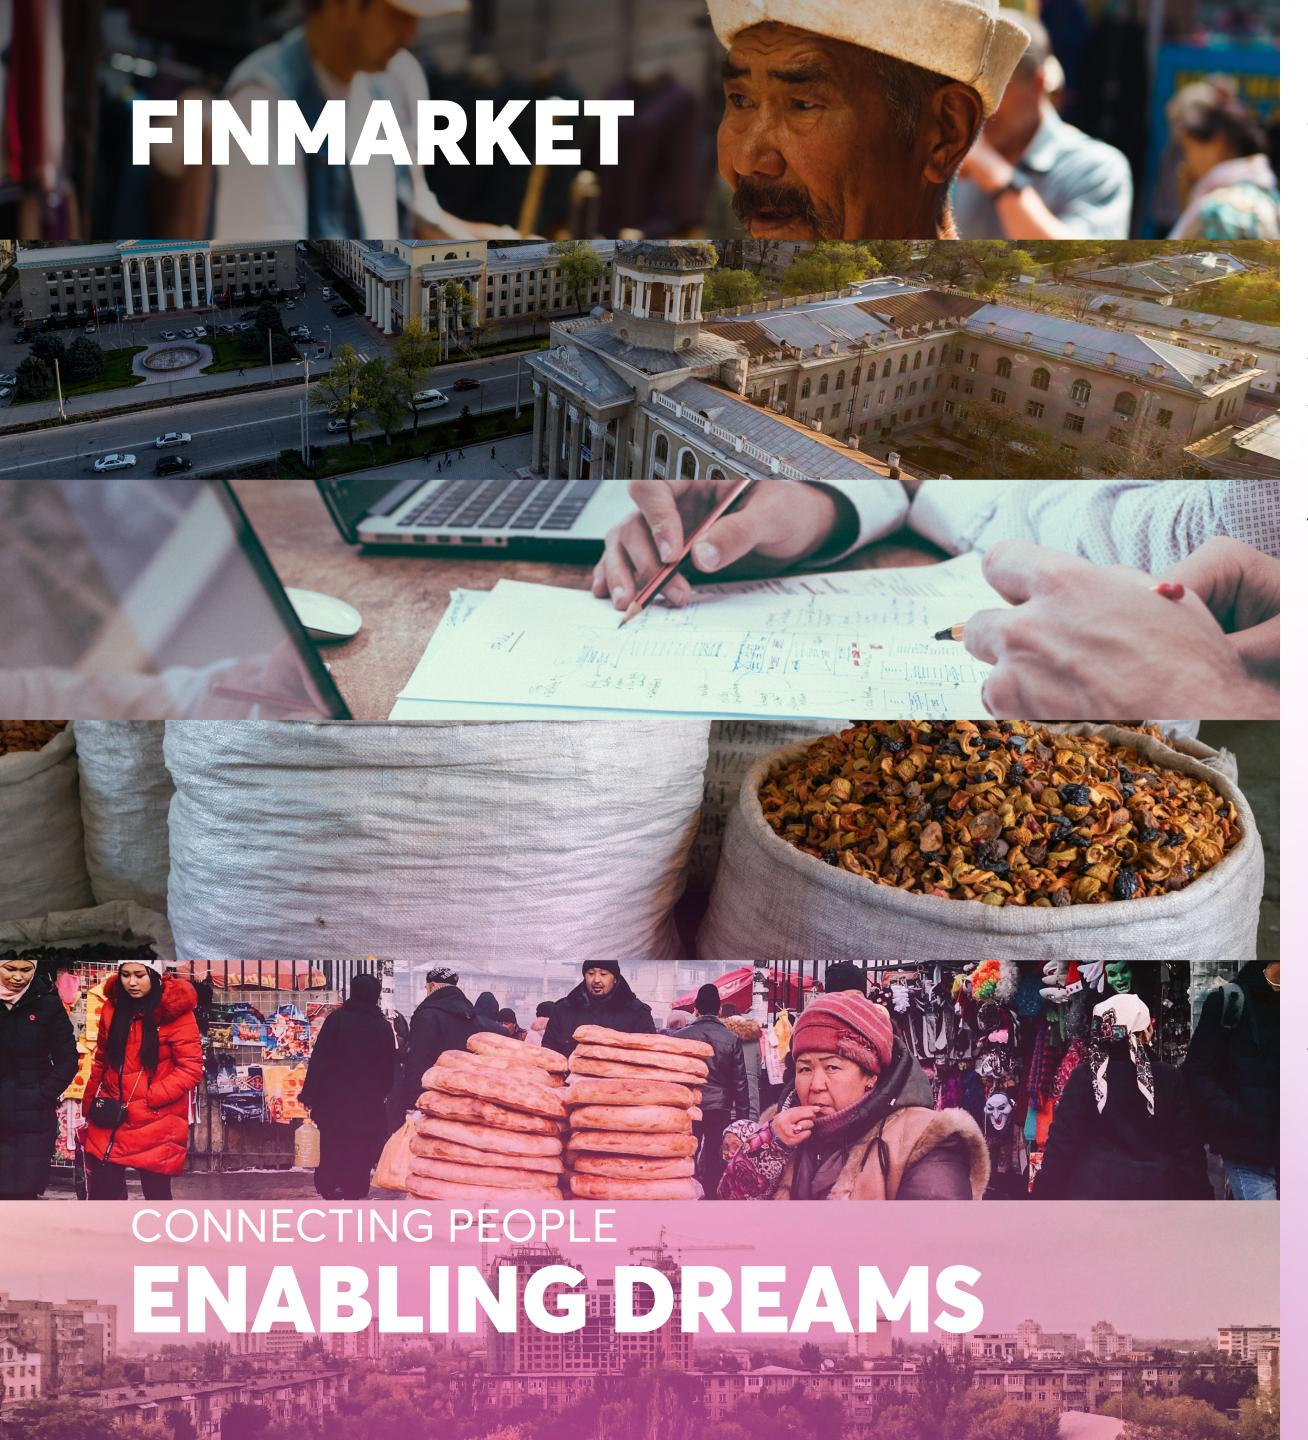

Minu Payment Solutions has established a direct host-to-host integration with the IPC and the Core Banking System of Kompanion Bank, significantly enhancing its transaction processing capabilities.

- Licenses from NBKR Payment Organization, Payment Operator.
- National payment scheme (ELcard, ELQR) via direct integration to IPC
- Cross border payment mutual acceptance of Elcard and ₹card

#### **Market Positioning & Growth Potential**

With strong local banking partnerships, a robust fintech infrastructure, and direct integration with key financial institutions, Minu Payment Solutions is focused on real-time payments, cross-border transactions, and financial inclusion gives it a competitive edge in the rapidly growing Central Asian fintech market.

At FINMARKET, we're not just another lending platform; we're a comprehensive financial ecosystem designed to empower businesses, individuals, banks, and financial organizations. Our platform serves as a dynamic marketplace that bridges the gap between lenders and borrowers, but that's just the beginning.

#### **A Multifacated Platform**

We extend our services to real estate agencies, retail businesses, students, and insurance companies, offering a unified platform where all financial needs can be met. Whether you're looking to invest in a new property, secure a student loan, or find the right insurance policy, FINMARKET has you covered.

#### **Core Features**

- **Digital Intermediary:** FINMARKET acts as a neutral platform, connecting borrowers with potential lenders, be it banks, financial organizations, or individual investors.
- Transparency: Our platform ensures complete transparency in lending rates, terms, and conditions, thereby fostering trust among all parties involved.
- Risk Assessment: Utilize our Al-driven risk assessment tools to make informed lending or borrowing decisions.
- Regulatory Compliance: Designed to meet local and international compliance standards, FINMARKET mitigates legal risks for all parties.

#### Why Choose FINMARKET?

- Market Reach: Already a trusted name in Kyrgyzstan, FINMARKET is on a fast track to expand its geographical footprint.
- Innovation: Our platform is built on cutting-edge technology, ensuring a smooth, secure, and efficient lending process.
- Security: With industry-leading encryption and security protocols, FINMARKET ensures the safety of all financial transactions.

We aim to create value for clients and society through sustainable and ethical practices that align with our ESG commitments.

#### **Environmental, Social and Governance effort**

As we look towards 2024, one of our main priorities is to continue placing a strong emphasis on our Environmental, Social, and Governance (ESG) efforts, recognizing the importance of these factors in achieving our broader business goals and creating long-term value for our stakeholders and society. At Mongol iD, we fully support the belief that doing the right thing for society, our clients, colleagues, and communities is essential, and we strive to embody this belief in all of our actions and decisions.
